Homestead High School Athletics

Home of the Mighty Mustangs

Welcome

On behalf of the Homestead High School Athletic Boosters, we would like to welcome you to another year of exciting high school athletics. We are looking forward to our dedicated athletes returning this year and hope that many new students join them. Athletics promote the development of character, teamwork, pride and commitment that provide a life long benefit. We invite you to participate in the sports program as a competitor, a spectator or a booster. Please join us to help make Homestead Athletics a rewarding and memorable experience.

Participation Fees/eScrip

A participation fee of \$60 is requested from each athlete for each sport they join. These fees help to provide coaches with funds for equipment and items essential to a successful sports program. All athletes are asked to pay the participation fee prior to beginning a sport. Early payment of the fees will help coaches use the funds for the upcoming season. The Athletic Booster organization collects the participation fees and transfers them directly to the account of the designated sport. During the last several years, district funding for athletics has been cut significantly due to budget restraints. The funds raised through participation fees have helped to minimize the impact of these cuts. Additionally, families are encouraged to enroll in the eScrip program (see separate eScrip flyer for more details). Proceeds from this program are also deposited directly in the account of the designated sport.

Athletic Boosters Membership

The Athletic Boosters also raise additional funds that are used to supplement the district budget for school athletics. This revenue is raised through membership dues, donations, and several fundraisers. Last year, the Athletic Boosters sponsored the Back to School Barbeque, the School-wide Auction, and the Athletics Golf Tournament. We were able to provide supplemental funding for equipment needed by the trainer, tournament fees, pool and track equipment, general athletic fund needs and scholarships for outstanding senior athletes.

We ask that each family of an athlete join the Athletic Boosters at a cost of \$30.00. This fee is tax deductible, as the boosters are a tax-exempt, non-profit 501(c)(3) organization. We encourage your active participation and membership to help improve the athletics program and school spirit. Your membership gives you a voice and a vote on decisions concerning the program and directs the use of funds to specific purchases. The Athletic Boosters meet the second Monday of each month during the school year at 7:00 p.m. Please join us.
